

PigCHAMP › Grow-Finish

The PigCHAMP Grow-Finish program gives you the broadest range of options for managing and improving your grow-finish operation available today. When used in tandem with PigCHAMP Reproductive, you have all the tools you need to manage your farrow-to-finish operation.

make precise decisions for today with real-time information

- View reports with finishing information on a daily basis. No need to wait until your groups are completed to see how your operation is performing.
- Manage feed budgets, rations, and invoices. Keep track of feed bin inventory as well as ration changes in groups.
- Break down all expenses by group, farm or individual pig.
- Monitor medication inventories and withdrawal periods.

analyze results to improve profitability

- Compare subdivisions, groups or whole farm progress, productivity, and profitability. Easily share this information with veterinarians, and nutritionists.

plan for tomorrow with sophisticated planning tools

- Plan for group placements days, weeks or months in advance.
- Sales planning reporting projects timing of sales shipments.

Cohort Summary Report						
Farm: 0003 - Demo 3 (2800) F2F						
Run on 14-Apr-14						
Cohort: 111103-MB						
Myers Bros 3 (Closed) Capacity (Pig Spaces): 1920 (0) Net area: 14208 sq ft						
1579						
Av. Inventory (Utilization): 1579 (82%) 9.00 sq ft/pig						
Pigs In	Source (Ticket) - Cohort	Date	Pigs	Av. Age(days)	Av. Weight (lbs)	Value

unique location planning and monitoring dashboard

"We are a family run farm and have been using the PigChamp Grow-Finish program for almost a year now. We are starting to realize the amount of data that can be generated by this program and are amazed by it!

Specifically, we are impressed with the shipping data - being able to track back, receiving concrete evidence on variables, such as semen or ration trials, creates potential for huge financial savings. We are a continuous flow barn, so with the DOS PigChamp program, data like this was not always easy to come by."

Angela Penner, Oak Lee Farms
