Powerful Analysis

- Analyze a single location or look at multiple locations for a full business analysis
- Unique abilities to filter data and fine-tune opportunities for improvement
- "Drill-down" on a data set to see the individual animal performance
- Define the targets that you want your operation to achieve and evaluate reports to see if targets are met

The Power of Knowledge

PigCHAMP Reproductive is the best-in-market swine production management software. PigCHAMP gives you the ability to make the very best business and management decisions for your farm while offering unique features and benefits that are unmatched in the industry.

Powerful Analysis

- Analyze a single location or look at multiple locations for a full business analysis
- Unique abilities to filter data and fine-tune opportunities for improvement
- “Drill-down” on a data set to see the individual animal performance
- Define the targets that you want your operation to achieve and evaluate reports to see if targets are met

Performance Trend Analysis

Monitor 5 key areas of production using a combination of variables to best assess trends and performance.

<table>
<thead>
<tr>
<th>Performance Category</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Farrowing Weight</td>
<td>- 201.0 lbs</td>
</tr>
<tr>
<td>Average Birth Weight</td>
<td>- 20.3 lbs</td>
</tr>
<tr>
<td>Average Weaning Weight</td>
<td>- 200.0 lbs</td>
</tr>
<tr>
<td>Average Weaning Weight</td>
<td>- 201.0 lbs</td>
</tr>
<tr>
<td>Average Weaning Weight</td>
<td>- 202.0 lbs</td>
</tr>
